HERE'S WHERE WE CONTINUE...

APPLICATION

Once we have the one page FAST-APP we contact your client at the time they have indicated and introduce ourselves as your IN-HOUSE Life Specialist. To ensure that the application is complete we get all of the client's medical, physician, and all pertinent information. They will also start the paramed scheduling process for an exam at your client's convenience.

At this point we will get all necessary underwriting information make or adjust quotes, and take the Life Insurance application over the phone or via Skype.

E-SIGN FOR FAST TURN-AROUND

Once the application is complete we will send your client a copy via email for electronic signature via DocuSign, the same platform used by iPipeline and the standard for e-signatures.

QUALITY CONTROL

Once the application has passed quality control review we will then send you a copy of the signed application.

If in good order applications are submitted to the Carrier within 24 business hours.

MANAGED UNDERWRITING PROCESS

The application the begins its journey through underwriting with us escorting it. Our Case Managers have the expertise and experience to ensure that the process goes as smoothly as possible for your client.

NO HEAVY LIFTING

If the carriers requires physician statements, questionnaires or other information we obtain everything necessary on behalf of the carrier. Any requirements that are outstanding or additional signatures needed, we get!

MANAGED EXPECTATION

If there is a change in your clients Risk Class and premium , we will contact you immediately and explain to your client the reasons for any variations in premium and Risk Class according to the carriers underwriting guidelines .

QUICK CLOSING WITH E-SIGNATURES

Once the client is approved, we will send them Delivery documents via email for electronic signature.

NOW YOU GET PAID

PAYMENT

Like any other policy you will be paid once the policy is in force and according to frequency of premium payments directly by the carrier.
